

Which are the steps for booking:

1) Choose on this website the apartment(s) or house(s) you prefer. You can also just send me an email for more information about the features of the house, the location, etc., and I will try to help you choose, with no obligation.

2) After my confirmation of the price and availability (via email or phone) if you decide to book, please send me your reservation confirmation via email, and we will send by post (or email, depending on the date of arrival) a rental contract. In the meantime you will have a provisional booking.

3) The contract has to be sent back within 10 days, and is valid with the first payment by bank or by the PayPal system. Please check the rental terms (the account rate, cancellation policy, services, go to the link "how to book") for each property.

4) Once we have received your deposit and signed rental contract, we will confirm your booking in writing.
